ASSURANCE OF CONFIDENTIALITY

Information contained on this form that would permit identification of any individual or establishment is collected with a guarantee that it will be held in strict confidence by the contractor and AHCPR, will be used only for purposes stated in this study, and will not be disclosed or released to anyone other than authorized staff of AHCPR without the consent of the individual or the establishment in accordance with Section 903(c) of the Public Health Service Act (42 U.S.C. 299a-1(c)).

Public reporting burden for this collection of information is estimated to average 15 minutes per response. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Reports Clearance Officer, Attention: PRA, United States Public Health Service, Paperwork Reduction Project (0935-0099), Hubert H. Humphrey Building, Room 7-37F, 200 Independence Avenue, S.W., Washington, D.C. 20201.

OVERALL PROGRAMMING SPECIFICATIONS FOR FACILITY USE QUESTIONNAIRE, ROUND 3

A. Format

1. There are three potential elements to any question: instructions before the question, the question itself (including answer categories), and instructions following the question. The first two are identified by the question number, and the last one is specified by "Programmer Specifications."
2. In addition to questions, there are also double-lined boxes (labelled BOX EX1, BOX EX2, etc.) that contain instructions which do not include a question.

B. Flow

1. If no flow instructions are specified, default to the next question box.

2. Flow may be specified in one of two ways. Simple flow -- which depends only on the question currently being asked -- may be expressed in parentheses after the question categories. Anything more than simple flow (including flow instructions that involve missing data such as DK or RF, or that involve answers to previous questions) is expressed in the double-lined boxes, as described above.

C. Displays

1. Gender. We know the gender of the SP, either from sampling or from question RH6 in Residence History. If the gender is male, display "he" wherever a "{she/he}" is encountered; if female, display "she"; otherwise, display "he or she". Follow the same rules for "{her/him}" and "{her/his}". If SP gender is male, display "husband" wherever a "{wife/husband/spouse}" is encountered; if gender is female, display "wife"; otherwise, display "spouse".

2. Tense. We know whether the SP is alive or deceased, either from sampling or from question RH6 in Residence History. If the SP is alive, use the present tense; otherwise, use the past tense. Relevant word choices include "{is/was}", "{Is/Was}", "{lives/lived}", and "{today/Date of Death}".

3. DK/RF. Unless otherwise specified, do not display DK and RF.

4. Reference Start Date. Use of health care services in Round 2 will be collected for current residents (CRs), sampled in RD1 and SP's sampled in Round 2 (F2s). For CRs, set the start date to "January 1, 1996". For F2s, set the start date to {SAD}. Use of health care services data will only be collected in Round 3 for: (a) SP's sampled in Round 3 (F3s); (b) SP's who were alive and living in an eligible facility/unit at the time of the Round 2 use of services interview; or (c) SP's who had been discharged in Round 2 and readmitted to the facility/unit after the Round 2 interview. For (a), the reference start date is the SP's SAD. For (b), the reference start date should be set to {ROUND 2 REFERENCE END DATE +1}. For (c), the reference start date should be set to {FIRST DAY OF READMISSION AFTER THE ROUND 2 REFERENCE END DATE}.

5. Reference End Date. If SP is alive and in an eligible facility/unit, display date of interview; or 12/31/96, whichever is earliest; else, if SP is alive but not living in an eligible facility/unit, display most recent date of discharge from eligible facility/unit if SP is not in eligible facility/unit on date of interview or 12/31/6, whichever is earliest; else display date of death.

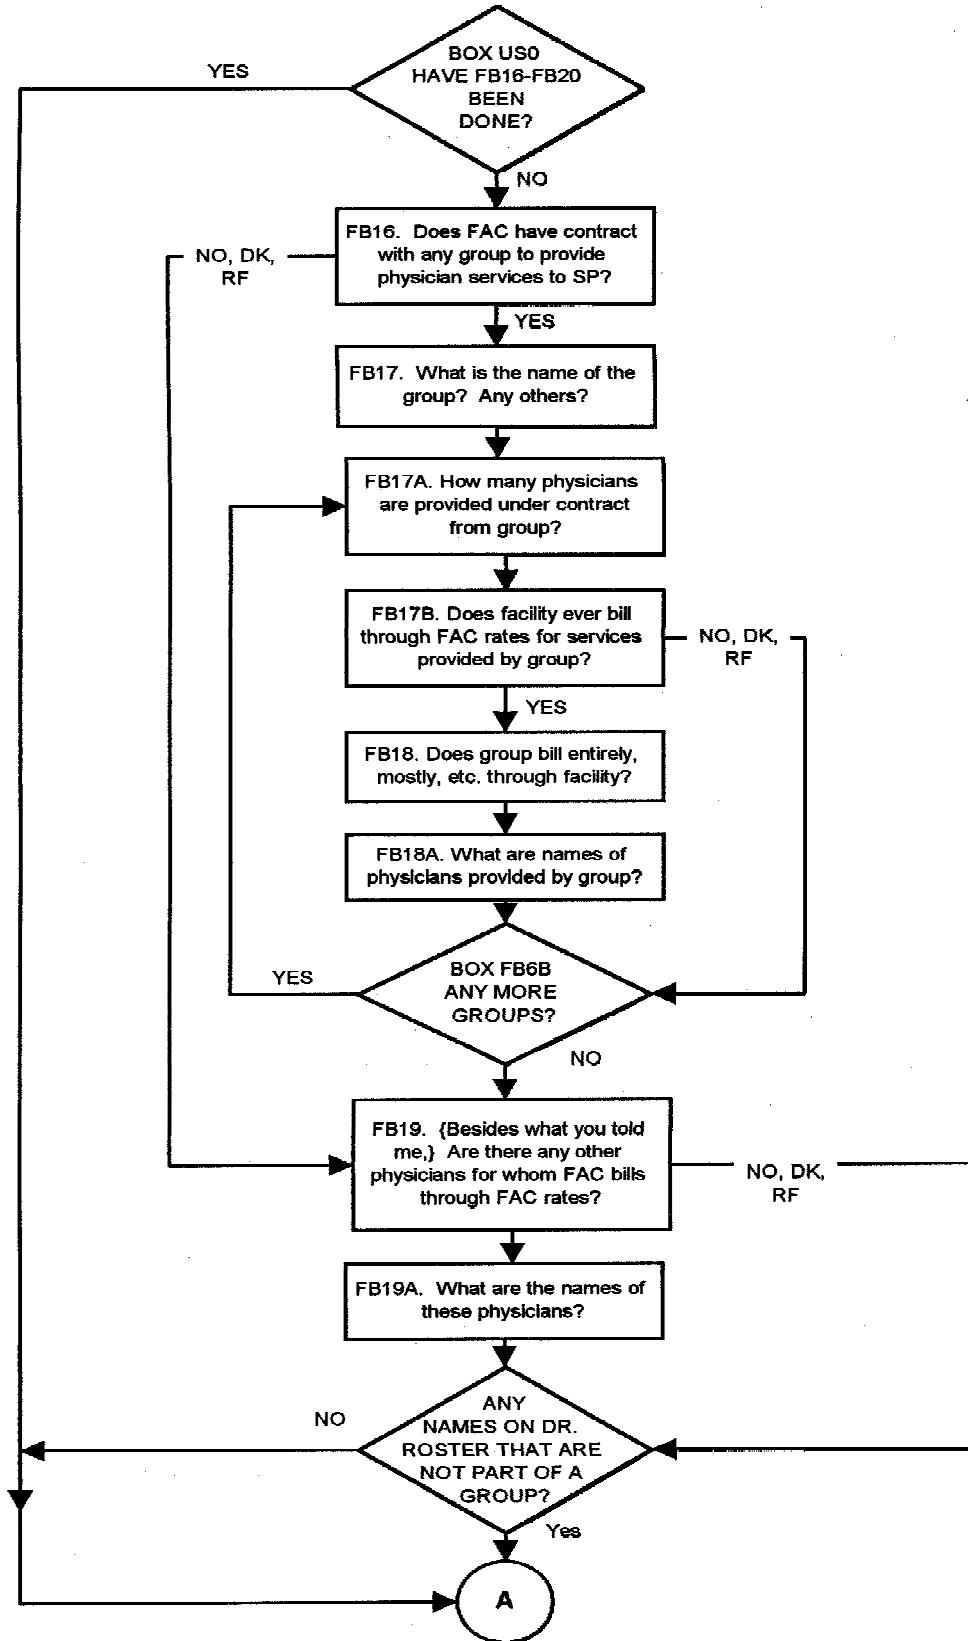

6. Facility/[READ FACILITY/UNITS ABOVE]. There are no place headers in Residence History. All other SP-level sections feature a header that includes the eligible LTC places in this facility (i.e., places with NNHES status = eligible) where the SP resided during the reference period. The only exceptions are screens that include the Place Roster; these screens have no places in the header.

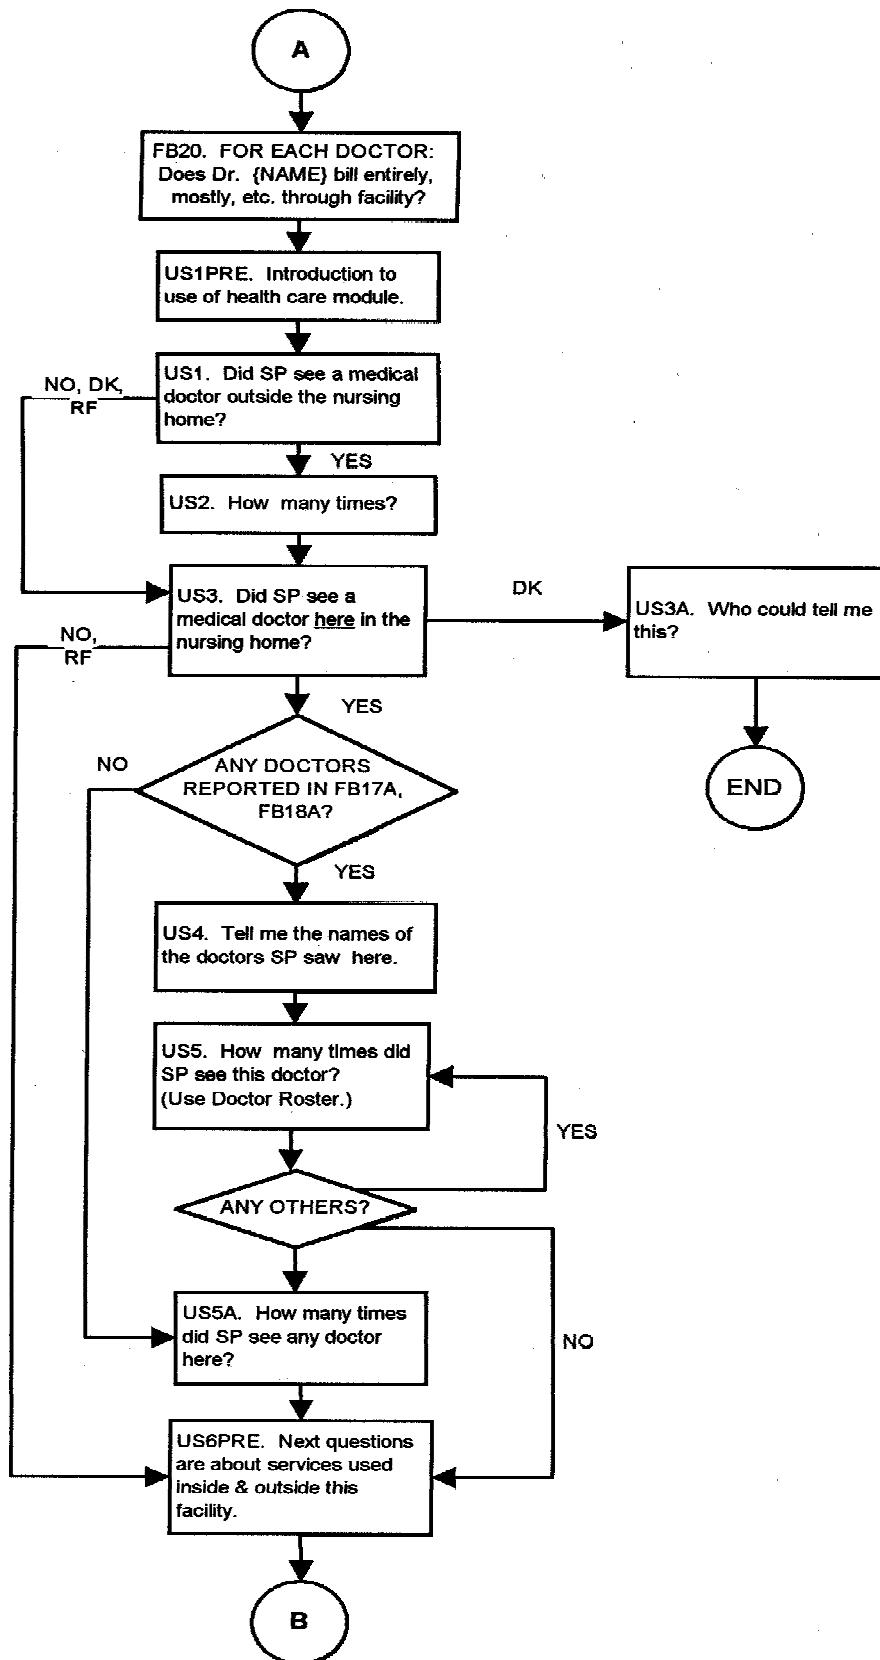

For screens that don't include the Place Roster in HS, PM, BQ, IN, IA, USE, EX, and CRR, the eligible unit where the SP lived during the reference period is displayed right-justified on the second line of the screen. If the SP lived in two or three eligible units during the reference period, they are right-justified on the third and fourth lines. If the SP lived in more than three eligible units, the fourth line reads: "MORE UNITS - USE F2" and is right-justified.

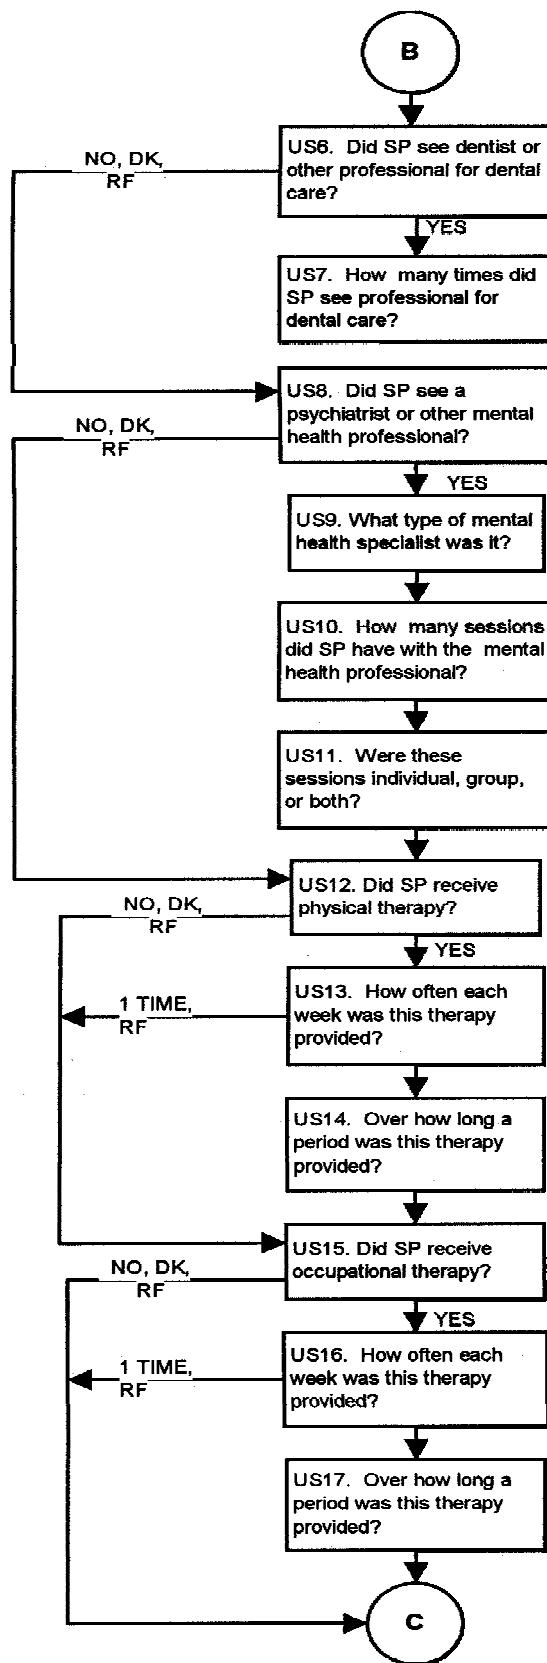

MGMT SYSTEM SPEC. for all of USE:

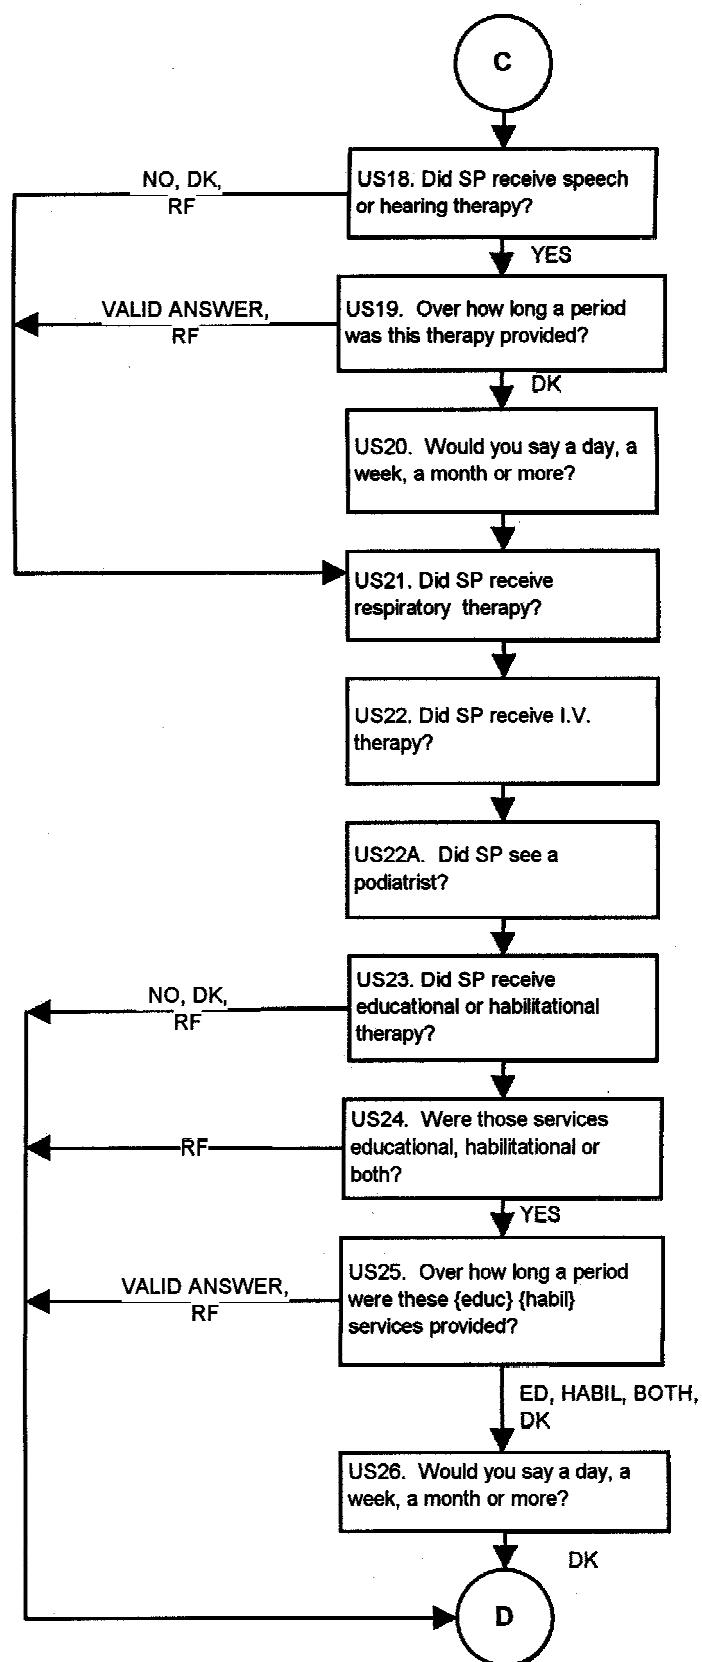

1. Unless otherwise specified, allow DK and RF.

USE OF SERVICES MODULE

BOX US0

If FB37-FB45 have already been administered, go to US1PRE; else
Go to FB37.

FB37

Before we begin the questions about health care services for residents, I have a few questions about physicians' services within {FACILITY/[READ FACILITY/UNITS ABOVE]}. Does {FACILITY/[READ FACILITY/UNITS ABOVE]} have a contract with any group of physicians to provide services to residents?

YES	1
NO	0 (FB43)
DK	-8 (FB43)
RF	-7 (FB43)

PROGRAMMER SPECS:

If FB37 = DK (-8), flag for data retrieval in Facility Questionnaire.

FB38

Display Group Roster.

FB38

What is the name of the group?

PROBE: Are there any other groups?

_____ NAME OF GROUP

_____ NAME OF GROUP

USE ARROW KEYS. CTRL/A = ADD. CTRL/D = DELETE TO EXIT, PRESS ESC.

BOX FB9

ASK FB39 - FB42 FOR ALL GROUPS IN FB38.

FB39

What is the number of physicians provided under contract from {GROUP}?

NUMBER

Hard range: 0-999; soft range: 1-20.

If 0 entered, display overlay screen: PRESS CTRL/K TO EXPLAIN WHY THERE ARE NO PHYSICIANS. THEN PRESS ENTER TO CONTINUE.

FB40

Ask for each group recorded in FB38. Fill with name of group from FB38.

Display "Think about" for first group.

Display "Next, think about" for second group.
